Hi

Please see if the following helps:

"How to take ownership of a file or folder in Windows XP"

<http://support.microsoft.com/default.aspx?scid=kb:en-us:308421>

I reinstalled Windows XP Home Edition on my computer but before I did that I copied my hard drive to an external hard drive. Now I want to get the file Andrew Ho from the G:\Documents and Settings from the external hard drive but whenever i click on it i get the error message "G:\Documents and Settings\Andrew Ho is not accessible. Access Denied."

Is there a way I can access that folder?
