WMP10 does not touch in any fashion MIDI playback on the system – MIDI playback was likely already broken...

<http://zachd.com/pss/pss.html#midi>

, as well as Chris' suggestions, should help you figure this out.

(speaking for myself and doing this in my free time)

See <http://www.zachd.com/pss/pss.html> for some helpful WMP info.

This posting is provided "AS IS" with no warranties, and confers no rights.

Now Playing: "May Mix" by "lowbudget" in WMP10.
