Hi Chuck,

Thank you for the input.

Don't send e-mail or reply to me except you need consulting services. Posting on MS newsgroup will benefit all readers and you may get more help.

Bob Lin, MS-MVP, MCSE & CNE

How to Setup Windows, Network, VPN & Remote Access on <http://www.HowToNetworking.com>

Networking, Internet, Routing, VPN Troubleshooting on <http://www.ChicagoTech.net>

Al,

Unfortunately, with XP Home, you can create all of the accounts you want, you won't get access. With XP Home, you have to enable the Guest account.
