Right click Desktop | Properties | Desktop tab |  
Customize Desktop button | Check: My Computer |  
OK | Apply | OK

--

Hope this helps. Let us know.

Wes

In news:OLTNDsAbEHA.1656@TK2MSFTNGP09.phx.gbl,

CGB <nospam@nospam.net> hunted and pecked:

> Thanks. Right you are on copying the shortcut to the quick launch  
> area. I didn't know about the RIGHT click to drag.

>

> In the process, however, I think I may have lost an icon for "My  
> Computer" on the desktop. Blank space on the desk top and I think My  
> Computer used to reside there. Is this supposed to be there and how  
> do I get it back?

>

> Thanks for the quick reply.
