FAX folks,

Are there some legal or FCC rules (in the US) about what info must be on a FAX cover page? Like the calling phone number, for example.

Any FAQs about this?

Thanks for listening.

§ 227 Restrictions on use of telephone equipment.

(d) Technical and procedural standards

(1) Prohibition

It shall be unlawful for any person within the United States

(B) to use a computer or other electronic device to send any message via a telephone facsimile machine unless such person clearly marks, in a margin at the top or bottom of each transmitted page of the message or on the first page of the transmission, the date and time it is sent and an identification of the business, other entity, or individual sending the message and the telephone number of the sending machine or of such business, other entity, or individual.
