--

Hope this helps. Let us know.

Wes

In news:01118QufEHA.3348@TK2MSFTNGP12.phx.gbl,

Kerry Hoskin <kjho@pml.ac.uk> hunted and pecked:

> I have just installed XP SP2 (been using RC1 for several months) and  
> updated the adm files on our w2k3 domain. When I open a GPO that  
> uses the new ADM settings I get loads of errors such as  
>  
> The following entry in the [strings] section is too long and has been  
> truncated.  
>  
> It then gives the extended description definition as used to explain  
> the gpo setting. It does this for all or most of the new settings  
> leading to me having to click about 50 error boxes, grrrrrrrrrrr  
>  
> Kerry
