I'm willing to bet that the seller installed a non-genuine, bogus version of Windows XP Pro. Try the following:

How to Replace Lost, Broken, or Missing Microsoft Software or Hardware
[http://support.microsoft.com/default.aspx?scid=kb;\[ln\];326246](http://support.microsoft.com/default.aspx?scid=kb;[ln];326246)

| Hi,
|
| I bought a refurbished computer that came without an OS but with a licensing
| key for XP Professional. I called the company and they said that I must know
| someone with the software to install and then I can put in my own key. I
| don't know anyone with the software. Any ideas short of buying a new copy?
|
| Thanks,
| Tania
|
