| Hi,  
| Installing sp1 on xw4400 (hp) vista x64, The installation run until stage 3  
| and then hangs after 76% completed.  
|  
| I've restarted the computer, still - runs until 76% and never pass that  
| number.  
|  
| Any ideas how to proceed ?  
|  
| Dani

Isn't the Vista SP1 still in "test" phases?
