I love to watch the foal cam and alot of them have java and I can't seem to get it to work or show me the pictures on there cam can anyone tell me what to do, or where to go and download it so that I can view the web cams. There is so many and I'm not sure which one I need. When I go to there site all I seen it there web cam box with a little white box in the upper left hand box. Thanks in advance!
