Hi chesjak :-)

Please provide the version of Windows you are using. It will be easier to determine what my help resolve the problem.

Hope this helps.

Hi  
Two Questions Please:

Is there any way of stopping the annoying adds that pop up on screen when visiting various sites. I believe they are called "fly-ins"

I have my IE popup blocker set to "HIGH - block all popups" -  
Why then do  
I get a small icon show up saying that a popup was allowed

Regards
