Thanks. I uninstalled the Flash player but when I started to install from the link I noticed that it was in Italian. I was unsure of how this would work in an English language IE. Please let me know if this will be OK to install.

Thanks again.  
jim

Sorry! My bad.

Reinstall Macromedia Flash Player from:

<http://www.adobe.com/go/getflashplayer>

Or:

[http://www.adobe.com/shockwave/download/index.cgi?P1\\_Prod\\_Version=ShockwaveFlash&P2\\_Platform=Win32&P3](http://www.adobe.com/shockwave/download/index.cgi?P1_Prod_Version=ShockwaveFlash&P2_Platform=Win32&P3)

Cheers,

install it I  
get the message that it has been installed successfully. I have  
no  
problem using it with Firefox, only with IE.  
Would appreciate any advice.

Try uninstalling Macromedia Flash Player:

[http://www.adobe.com/go/tn\\_14157](http://www.adobe.com/go/tn_14157)

"How to uninstall the Adobe Flash Player plug-in and ActiveX control".

Then reinstall Macromedia Flash Player:
