This is an auto-generated response designed to answer your question as quickly as possible. Please note that you will not receive a reply if you respond directly to this message. We hope the directions below answer your question. If after following the directions your problem is still unresolved, please click the link to the Hotmail Customer Support form at the end of this message to submit your issue and a Customer Support Representative will help you.

>>>> *Outlook 2002 in Microsoft Office XP*

Before you read our tips on Outlook Express below, did you know that MSN Hotmail now works great with Outlook 2002?

>>> *To set up MSN Hotmail with Outlook 2002*

1. On the "Tools" menu, click "E-Mail Accounts".
2. Under "E-mail", click "Add a new e-mail account", and then click "Next".
3. Follow the instructions and be sure to select "HTTP" under "Server Type".

For more information about the great features of Microsoft Outlook 2002 including how to get additional support for Outlook, go to:

<http://www.microsoft.com/office/worldwide.htm>

>>>> *Outlook Express*

We realize that this e-mail message is lengthy, but please read the entire message below because the answer to your question may be included.

Within this message is information on:

- I. How to Get Started with Hotmail Offline
- II. How to Synchronize your Hotmail Account with Outlook Express
- III. How to Send a Message in Outlook Express
- IV. How to Use Outlook Express to Save Messages on your Computer's Hard Disk Drive
- V. How to Remove your Hotmail Account from Outlook Express

## VI. Still Didn't Solve Your Problem?

\*\*\*\*\*

### I. How to Get Started with Hotmail Offline

>>> *To get started with Hotmail Offline*

1. In Outlook Express, on the "Tools" menu, click "Accounts".
2. In the "Internet Accounts" dialog box, click the "Add" button.
3. Click "Mail" to open the Internet Connection Wizard, and then follow the instructions to configure your existing Hotmail account. You need only your Hotmail sign-in name and password.
