Here is the resolution for the issue:

- 1) Open Outlook Express.
- 2) Click on Tools --> Options.
- 3) Click on Security tab.
- 4) Uncheck the option which says "Do not allow attachments to be saved or opened that could potentially be a virus".
- 5) Click on OK button.

bye.

>Using XP Home SP1

>Can't see the Attachment - nothing there to open!

>OE got corrupted somehow, I get the mail with a paper clip showing it should

>have attachment, but the mail is empty and no attachment.

Inquired, and it

>was sent.

>Tried to download IE and re install it, but I get the message: " Can't

>because I have a newer version"

>

>Any suggestion?
