Can't really do it with Outlook Express, but you can with Outlook (part of MS Office). OE does not really support networking although one user used to post a method he used that he reported worked for him that you might want to look at:

<http://groups.google.com/groups?selm=u7Xe7wPgCHA.2620%40tkmsftngp09>

Be aware you "might" lose all of your stored messages with this routine. I've not seen any other posters reporting succes with it. YMMV.
