Open Windows Explorer.

Go to Tools | Folder Options | File Types.

When you scroll down the display might be.....

Extensions File Types

N/A URL HyperText Transfer Protocol

or

NONE URL HyperText Transfer Protocol

| There is no listing for URL:HyperText
| Even tho regsvr32 urlmon.dll said it was successful, it didn't fix the
| problem. Is there a way to get URL:HyperText listed?
|
| Apparently attachments aren't allowed in this group???
