It created the shortcut just fine, but when clicked, it gives an error  
"Windows cannot open this program because it has been prevented by a  
software  
restriction policy. For more information contact your administrator." I am  
the admin but am at a loss as to how to fix this problem. Need more help  
please

"S.Sengupta" wrote:

Are you the Administrator?

You may create a shortcut with a target %SystemRoot%\ehome\ehshell.exe  
and a start in :-%SystemRoot%\ehome

Windows Media Center is not showing up under my "All  
Programs" list, im  
running Windows Vista Home Premium, does anyone know  
what my problem is  
and  
how to fix it?
