I am use this:

```
cn=testproxy,dc=nwtraders,dc=msft
ObjectClass:userProxy
objectSID:S-1-5-21-2419923543-852616828-3171724265-1116
```

This is <string SID>. No?

Hi

looks like you are using ldp.exe so you want

objectSID:<string SID>

Lee Flight

"Jonildo Santos" <jonildosantos@xxxxxxxxxxxxxxxxxxxxxxxxxxxxx> wrote in message news:%23jPz9RfzGHA.4920@xxxxxxxxxxxxxxxxxxxxxxxxxxxxx

I am configuring they ADAM him for do bind redirection with him Activates Directory. But, this presenting the down the error when I try to add a user with its SID:

```
***Calling Add...
ldap_add_ext_s(ld, 'cn=testproxy,dc=nwtraders,dc=msft',[2] attrs,
SvrCtrls, CIntCtrls);
Error: Add: No Such Attribute. <16>
Server error: 00000057: LdapErr: DSID-0C090B38, comment: Error in
attribute conversion operation, data 0, vece
Error 0x57 The parameter is incorrect.
```

And, the attributes are:

```
cn=testproxy,dc=nwtraders,dc=msft
ObjectClass:userProxy
```

Re: Bind Redirection in ADAM

objectSID:S-1-5-21-2419923543-852616828-3171724265-1116

This what lacking?
