Meinolf...

Problem is that everyone in my company calls me for AD issues....(sometimes I am not so sure that this is a good idea!).

Anyway, noch Mal vielen Dank!

Hey, we sure did a good job of Eingedutsching this post!!!!

I lived in Germany for three+ years after I graduated from University (20 years ago) and have simply not forgotten it! I guess that I really learned it. So, hope that you do not mind that I "practised" a little bit.

Thanks again for your post. You are correct...has everything that we need.
