Please, can you say something more about the "RetryPeriodOnFailure".
How vcan I change enable it in 2003 EE ? Is it a registry key ?

First hit on google:

<http://www.google.ie/search?hl=en&q=RetryPeriodOnFailure+site%3Asupport.microsoft.com&meta=>

Here is the article:

<http://support.microsoft.com/kb/228923>

HTH,
Edwin.
