Hi Scott,

Thanks for your reply and I am glad to hear our suggestions help you resolve the issue. At this moment, I'd like to deliver a simple summary of this issue for your reference:

ARCR

A (Action): You are using roaming profiles and an Event error is logged.

R (Result): Event error is as below:

Event Type: Warning
Event Source: Userenv
Event Category: None
Event ID: 1525

C (Cause): The cache option for Offline Files has been enabled.

R (Resolution): Refer to the article:

287566: The Cache Option for Offline Files Must Be Disabled on Roaming User Profile Shares
<http://support.microsoft.com/kb/287566/en-us>

If you have any other questions or concerns, please do not hesitate to contact me. It is always my pleasure to be of assistance.

Thanks & Regards,

Ken Zhao

| Erik and Ken,

| Thanks guys for the info. I went ahead and disabled that Offline Cache
on
| that share and the errors are now going away.

| Thanks guys!!
