Hi,

Thanks for your posting.

Would you please let me know the exact error message you've mentioned in the post? It may help to narrow this issue.

Looking forward to your reply.

Sincerely,
Carsyn Gu

|
| The passwd cannot be changed in any way!
| Passwd expire on 42 days, and nobody can change passwds
| If a new account is created with the option you suggested, the same thing
| occurs
| A network monitor capture shows a error message in the SMB level
| Last month i've disabled the SMB Sign Always option and the problem was
| solved.
| Now the problems comes back

|
| What do you think about applying the COMPAT*.INF security template?
|
