Thanks for the reply,

I've been to that specific window, but there's no option to set the reminders. Any other ideals?

Thanks

Hi, I'm not sure if I'm posting this in the right forum. I have a pretty simple question regarding the password policies in Windows SBS 2003. Basically I would like to change the amount of days were the system prompts my users to change there passwords. Right now by default it's set to 15 days if I'm not mistaken, I'd like to bring it down to 5 days before getting the reminder to change the passwords. I've looked all over the place but I

Password policies reminder

can't
seem to find the policy that specifies it. Where would I be
able to
change
this setting? Any help would be greatly appreciated.

Thanks
