Hello,

Thanks for posting in our newsgroup.

I am sorry for the delay due to the weekend.

From your description, I know that you customized your companyweb with SharePoint technology. You cannot drag announcement and links into the left and right zones. When you tried to put them back in place the page only shows "an error has occurred". If I am off-base, please don't hesitate to let me know.

I am sorry that's a pure SharePoint issue, so please open a new thread in Microsoft.public.sharepoint newsgroup. Thanks for your understanding.

If you need further assistance, please don't hesitate to let me know.

Best regards,

Robert Li(MSFT)

=====

This newsgroup only focuses on SBS technical issues. If you have issues regarding other Microsoft products, you'd better post in the corresponding newsgroups so that they can be resolved in an efficient and timely manner. You can locate the newsgroup here:  
<http://www.microsoft.com/communities/newsgroups/en-us/default.aspx>

When opening a new thread via the web interface, we recommend you check the "Notify me of replies" box to receive e-mail notifications when there are any updates in your thread. When responding to posts via your newsreader,

RE: company web. Error adding a web part

please "Reply to Group" so that others may learn and benefit from your issue.

Microsoft engineers can only focus on one issue per thread. Although we provide other information for your reference, we recommend you post different incidents in different threads to keep the thread clean. In doing so, it will ensure your issues are resolved in a timely manner.

For urgent issues, you may want to contact Microsoft CSS directly. Please check <http://support.microsoft.com> for regional support phone numbers.

Any input or comments in this thread are highly appreciated.
