Hello,

I have one Win2000 Terminal server with 10 CAL's. Old server will be replaced by newer one with Win2003R2 OS and Terminal Services. Can I move my 10 old CAL's to W2003 Server? Or is the only option to buy more CAL's??

I read from manual that W2K SRV cannot act as a licensing server for Win2003 server. There's also a comment that it's possible, but not permitted to install 2000 lic tokens to 2003...

Thanks
-W
