Hi,

Please try registering the following files.

1. Click Start and choose Run
2. In the Run box, type
regsvr32 cdm.dll > Click OK
regsvr32 iuengine.dll > Click OK
regsvr32 wuapi.dll > Click OK
regsvr32 wuaueng.dll > Click OK
regsvr32 wuaueng1.dll > Click OK
regsvr32 wucltui.dll > Click OK
regsvr32 wups.dll > Click OK
regsvr32 wups2.dll > Click OK
regsvr32 wuweb.dll > Click OK
regsvr32 jscript.dll > Click OK
3. Restart your computer and re-attempt to download from the Windows Update Site.

Thank you

Eric
