Description of the System Update Readiness Tool for Windows Vista
<http://support.microsoft.com/kb/947821>

<QP>

The following table lists error messages that you might receive when you try to install a software update. These errors might be caused by a system irregularity that the System Update Readiness Tool might be able to resolve. However, the tool might be unable to fix all instances in which these errors occur.

0x800B0100 – TRUST_E_NOSIGNATURE – No signature was present in the subject.

Re: installation of KB905866 failed, error 800B0100

Windows update kept prompting me to install update KB905866 [April 2008], but always failed and it shows error 800B0100.

My laptop is running Windows Vista Home Premium.

Hope someone is able to help out. Thanks!
