See if either of these assist –

You cannot manually start the Automatic Updates service and you receive an "Error 1058" error message on a computer that is running Windows XP or Windows XP Tablet PC Edition 2005

<http://support.microsoft.com/kb/896224>

"Could not start the Remote Procedure Call (RPC) Service. Error 1058" error message when you manually start the Remote Procedure Call service
