Thanks a lot Peter, but I am using the Bookmarks instead of Fields and with your suggestion I tried to Insert the Decimal Tab in the Table Cell which I populate with Numeric \$ values.

Now I see that the Decimal points are all aligned but the "\$" signs are not aligned.

for eg: \$ 1,123.00
\$ 123.00

How do you align both now, "\$" sign and Decimal point.

Thaks again for you help,
HJ
